

“Innovation must inspire dental professionals to reach for the highest levels of treatment care and touch the lives of patients in a meaningful way.

MALO CLINIC has been at the forefront of developing and embracing dental implant innovation. Their international group of expert professionals have turned the care they provide patients around the world into an Art. Nobel Biocare is proud to be the exclusive dental implant partner of MALO CLINIC – and extremely excited about the profound collaborative work being done together to shape the future of patient care.”

Hans Geiselhöringer

President of Nobel Biocare
